Traffic safety versus traffic flow on freeways – an empirical analysis

L. Bieker, R. Biemann, R. Hoffmann, M. Junghans, T. Toledo, P. Wagner

27th ICTCT Workshop in Karlsruhe on 16 – 17 October 2014

Reproduction of the known relationship between accidents and traffic flows for SSM

Original diagram with data points and lines indicating trends.

Similarities between $p(\sigma > \sigma_c)/q$ and accident rates
